

## LEARN FROM MISTAKES ACTIVITY SUPPLEMENT WISDOM // WEEK 4

**DON'T LET KIDS SEE THIS ACTIVITY SUPPLEMENT DURING GAMEPLAY!**

### For each round:

- You will only need to use one diagram per round. You may not make it through all of the diagrams.
- Each time a kid steps on a carpet spot, use the diagrams below to tell them if they're "safe" or if they have to go to the end of the line:
  - Kids are "safe" if they step on a spot that corresponds to a solid circle on the diagram.
  - Kids go to the end of the line if they step on a spot that corresponds to a  on the diagram.
  - Kids get to play again if no one has found the right path, so they need to pay attention the whole time.
- Encourage your kids to help each other out and cheer each other on until one of them finds the right path!
